Caring and trained faculty

Inquisitive class room

Stress free ambience resulting in holistic development of children

Nature Park and Miyawaki forest

Online and Offline activities

Self designed Bhavan's platform for online classes (MGM Technology)

Online Celebrations

Class XI with Science, Commerce and Humanities Stream

Founded by Kulapati Dr. K.M. Munshi in 1938 and already grown into an All India Educational Movement, the Bharatiya Vidya Bhavan has come to be recognized as a symbol of the intellectual, spiritual and cultural life of India. It is a unique National Institution with an international outlook, dedicated to the task of revitalizing Dharma in its three-fold form of Truth, Love and Beauty, which is ceaselessly striving to carry forward India's ageless message of Faith, Self Discipline and Dedication. The Bhavan imparts education in subjects ranging from Sanskrit, Indian Classical Music, Dance, Drama and Classical Language to Arts, Sciences, Engineering, Technology, Journalism, Advertising, Public Relations, Management, Printing, Radio, T.V and other media of mass communication. The Medium of instruction in Bhavan's Schools and Colleges is **English** with special emphasis on **Sanskrit**, the Mother of all Indian languages and Hindi. The main purpose of Bharatiya Vidya Bhavan is to revitalize ancient values and reintegrate them to suit the changing needs of the present day world. The Bhavan believes that there are elements in all cultures which transcend all barriers and knit people together.

WHY BHAVAN?

- ▶ Bhavan World Wide is a Universal Brand with 150 institutions
- ▶ CBSE Syllabus with well equipped Science and Computer Labs
- ▶ World Wide Exposure to students
- ▶ Experienced Faculty with online access for students
- ▶ Personal attention to each student
- ▶ National level opportunity for co-curricular activities
- ▶ Lessons on Ethics, Sports, Yoga and Personality Development
- ▶ Transfer facility to other Bhavans schools in the country

ATAL TINKERING LAB (ROBOTIC LAB)

To provide experiential learning and equipping the students with the necessary 21st century skills Atal Tinkering Lab or popularly known as ATL has been set up at Bhavan's Vidya Mandir. In this lab, students will be able to practically learn the basics of electronics, mechanics, programming, robotics and artificial intelligence. The ATL will provide a platform for the students embarking on this journey towards excellence. ATL is a project under NITI AYOOG, Government of India.
